Onboarded **60+ customers and trading partners** through requirements, configuration, testing, go-live, and production support using Dynamics 365, EDIFACT, PEPPOL, Postman, SQL.

Technical Skills

- **Integration & APIs:** REST APIs, API testing, B2B integration, ERP connectivity, SaaS application support
- **EDI & E-Invoicing:** EDIFACT D96A/D96B/D01B, BIS3, OIOUBL, PEPPOL, document mapping, transformation, validation
- **ERP & Business Systems:** Microsoft Dynamics 365, Uniconta, Rackbeat, e-conomic, Shopify
- **Protocols & Data Formats:** AS2, SFTP, FTP, email gateway, XML, UBL, CSV, JSON
- **Tools & Delivery:** Postman, SQL, SSMS, Git, GitHub, requirements gathering, testing, training, go-live, RCA, technical documentation

Professional Experience

HubBroker IT Solutions Pvt. Ltd. **Sep 2023 – Jun 2025**
Junior Technical Solution Engineer *Ahmedabad, India*

- Supported a SaaS integration platform, resolving **API, EDI, ERP, mapping, routing, and communication-channel issues** for international customers.
- Onboarded **60+ customers and trading partners** through requirements gathering, solution configuration, document mapping, testing, training, go-live, and early production support.
- Implemented and supported integrations across **Microsoft Dynamics 365, Uniconta, Rackbeat, and e-conomic**, with additional Shopify workflows.
- Configured **PEPPOL, e-invoicing, AS2, SFTP, FTP, and email gateways** for secure business-document exchange.
- Mapped, transformed, and validated **BIS3, OIOUBL, EDIFACT D96A/D96B/D01B, XML, UBL, and CSV** documents, including orders, invoices, credit notes, shipping documents, and product catalogues.
- Performed REST API testing, EDI validation, SQL/SSMS troubleshooting, incident tracking, root-cause analysis, production monitoring, and technical documentation using **Postman**.
- Collaborated with customers, ERP vendors, developers, and support teams across multiple European markets to resolve production issues and deliver reliable integration solutions.

Infomize Technologies **Feb 2023 – Aug 2023**
Technical Solution Engineer Intern *Ahmedabad, India*

- Developed document-conversion schemas using **ASP.NET MVC** for structured EDI and B2B workflows.
- Worked with **XML, UBL, CSV, and EDIFACT D96A** for orders, invoices, dispatch documents, and other business transactions.
- Supported document routing, data transformation, validation, testing, and ERP/CRM integration issue resolution.

Key Integration Deliveries

- Supported ERP-to-trading-partner automation for purchase orders, invoices, credit notes, shipping documents, and catalogues through API, SFTP, AS2, and email-based channels.
- Coordinated customer, ERP-vendor, and internal-team activities from requirements discovery through production stabilization while maintaining test evidence and technical documentation.
