Professional Summary

EDI & Integration Specialist with **2+ years of experience** delivering ERP, REST API, EDI, e-invoicing, and B2B SaaS integrations. Onboarded **60+ customers and trading partners** across requirements, configuration, document mapping, testing, go-live, production support, SQL troubleshooting, and RCA. Experienced with **Dynamics 365, EDIFACT, PEPPOL, AS2, SFTP, XML, UBL, SQL, and Postman**, with North American EDI development using **ANSI X12 850, Python, FastAPI, PostgreSQL, Docker, Prometheus, and Grafana**.

Technical Skills

EDI & B2B: ANSI X12 850, EDIFACT D96A/D96B/D01B, BIS3, OIOUBL, PEPPOL, e-Invoicing, mapping, transformation, validation, trading-partner onboarding
ERP & Systems: Microsoft Dynamics 365, Uniconta, Rackbeat, e-conomic, Shopify, ERP connectivity, order-to-invoice workflows
APIs & Connectivity: REST APIs, API testing, B2B/SaaS integration, AS2, SFTP, FTP, Email Gateway
Backend & Data: Python, FastAPI, SQL, PostgreSQL, SQLAlchemy, SSMS, XML, UBL, CSV, JSON
DevOps & Delivery: Docker, Docker Compose, Prometheus, Grafana, Git, GitHub, requirements gathering, testing, training, go-live, incident management, RCA, monitoring, documentation

Professional Experience

HubBroker IT Solutions Pvt. Ltd. **Sep 2023 – Jun 2025**
Junior Technical Solution Engineer *Ahmedabad, India*

- Supported a **B2B SaaS integration platform**, resolving API, EDI, ERP, mapping, routing, and communication-channel issues for international customers.
- Onboarded **60+ customers and trading partners** through requirements gathering, configuration, document mapping, end-to-end testing, training, go-live, and early production support.
- Implemented integrations across **Dynamics 365, Uniconta, Rackbeat, e-conomic, and Shopify**, enabling automated business-document exchange.
- Configured **PEPPOL, e-invoicing, AS2, SFTP, FTP, and email gateways** for secure B2B connectivity.
- Mapped and validated **EDIFACT D96A/D96B/D01B, BIS3, OIOUBL, XML, UBL, and CSV** documents including purchase orders, invoices, credit notes, shipping documents, and catalogues.
- Performed **REST API testing, EDI validation, SQL/SSMS troubleshooting, incident analysis, RCA, production monitoring, and technical documentation** using Postman and SQL tools.
- Collaborated with customers, ERP vendors, developers, and support teams across European markets to resolve production incidents and stabilize integrations.

Infomize Technologies **Feb 2023 – Aug 2023**
Technical Solution Engineer Intern *Ahmedabad, India*

- Developed **ASP.NET MVC** document-conversion schemas and worked with XML, UBL, CSV, and EDIFACT D96A for orders, invoices, dispatch documents, routing, transformation, validation, testing, and ERP/CRM troubleshooting.

Featured Project

EDIFlow Canada – ANSI X12 Integration & Observability Platform
Python — FastAPI — ANSI X12 850 — PostgreSQL — Docker — Prometheus — Grafana

- Built a production-style **ANSI X12 850 Purchase Order platform** with secured FastAPI endpoints for parsing, validation, duplicate detection, and transaction processing.
- Implemented **ISA, BEG, N1, and PO1** validation, buyer/supplier checks, quantity and price rules, duplicate control-number detection, and duplicate PO prevention.
- Developed a mock **ERP integration layer** with retry and permanent-failure simulation; persisted **Completed, Rejected, and Failed** audit records in PostgreSQL using SQLAlchemy.
- Containerized the platform with **Docker Compose** and added **Prometheus + Grafana** monitoring, API-key authentication, Alembic migrations, logging, and automated API/integration testing.

GitHub: github.com/Grishmakhatra932/ediflow-canada

Key Integration Deliveries

- Supported ERP-to-trading-partner automation for **purchase orders, invoices, credit notes, shipping documents, and catalogues** through API, PEPPOL, SFTP, AS2, FTP, and email channels.
- Coordinated customers, ERP vendors, and internal teams from **requirements discovery through production stabilization**, maintaining testing evidence and technical documentation.

Education

Lakehead University **Sep 2025 – Aug 2026**
Master of Computer Science *Thunder Bay, Ontario, Canada*

Parul Institute of Engineering and Technology **2019 – 2023**
B.Tech in Computer Science and Engineering, PPI: 7.40/10 *Vadodara, Gujarat, India*
